Subject: microsoft settlement

it is clearly in the interest of the people of the u.s. to block further litigation against microsoft. microsoft, our most important innovator of technology has been in the penalty box too long. if this persists we will forfeit our most important lead in what will surely be a technical world. without microsoft leading the way, we will slip further into a mediocre-albeit politically correct-future.

CAUTION: electronic mail sent through the internet is not secure and could be intercepted by a third party. For your protection, avoid sending identifying information, such as account, Social Security, or card numbers to us or others. Further, do not send time-sensitive, action-oriented messages, such as transaction orders, fund transfer instructions, or check stop payments, as it is our policy not to accept such items electronically.
